VOL. LXXXI—NO. 13. WILMINGTON, N. C., TUESDAY, OCTOBER 8, 1907. WHOLE NO. 12,493.

OUTLINES.

Attorney General Bonaparte yesterday rendered an opinion in regard to foreign immigration, holding that a State cannot pay the passage of foreigners to this country, but must stand on an equal footing in this respect with the individual contractor; a State can, however, advertise its resources and attract immigrants from abroad without obligation for employment upon reaching this country; the measure is important to all States in the South which are reaching out for desirable immigrants and it is stated that Louisiana will make a test in a judicial court.——The Rowlands were found not guilty on the first ballot of the jury in Wake Superior Court at Raleigh on Sunday morning shortly after 9 o'clock; the husband and wife departed at once for Vance county, where they will spend some time with an uncle of Dr. Rowland; the verdict was generally expected.——In the wreck of an Atlantic Coast Line fast train at South Rock Mount Sunday morning before day Engineer George Boney was instantly killed, his fireman fatally injured and five mail clerks imprisoned in their car under the wreckage for some hours; the cause of the wreck was an open switch.——The fourth day's sessions of the Episcopal General Convention at Richmond yesterday were taken up [illegible] with the question of whether or not [illegible] representation from the dioceses [illegible]uld be cut down in the House of [illegible]ties; the question of the next [illegible] of meeting; a proposition to change the name to read "The American Church"; the creation of a new diocese, and the discussion of the negro question in the House of Bishops; the latter will later be fought out on the floor of the House of Deputies.——Deputy National President Percy Thomas, of the Telegraphers' Union, yesterday resigned and President Small has gone to New York to conduct the affairs of the strike from that point; the Deputy President had some differences with Mr. Small at a meeting of the strikers Sunday.——New York markets: Money on call, firm 4 1-2 to 6 per cent., ruling rate 5 1-2; closing bid, 4 1-2; offered at 4 1-2; cotton closed quiet, 15 points higher; flour firm and higher; corn firm, No. 2, 73 12; wheat strong, No. 2 red elevator, $1.09; oats firm, May, 54; turpentine steady; rosin firm.

The new Fall hats are not the kind that fall in price.

The New York Herald has not yet printed a list of the casualties in its war with Japan.

And now the pert paragraphers are scenting their scintillations with the odor of the moth-ball.

The President's vehement advocacy of water ways leads to the conclusion that he is a prohibitionist.

The dressmakers now threaten to produce the curveless woman. That would get the boys "on the hip."

When it came to making holes in the recent prosecution that Idaho Senator proved himself a first-class Borah.

It is feared Taft and Root will both have to take the Muldoon treatment on their return from their foreign tours.

That South Carolina farmer who makes two bales of cotton to the acre will never be disturbed by a Wall Street panic.

"But where is the Lodge boom loged?" asks the inquisitive Atlanta Constitution. "In some sequestered spot," probably.

The President can stand the loss of the tennis match with the Bishop of London, but the loss of the election in Cleveland would be a bitter disappointment to him.

The Standard Oil Co. is talking about changing its name. You may break, you may shatter, the name if you will, but the scent of the oil will hand 'round it still.

Those tame bears that have been tied up in the Louisiana canebrakes are anxiously awaiting the arrival of the hunters. They'd rather be shot than die of starvation.

It is urged against "Uncle Joe" Cannon that he is disqualified for the Presidency because he is 72 years old. But Col. Bill Chadbourn, of this city, says a fellow at seventy is just in his prime.

New York is to return to the old system of flogging. This will make it system of flogging in the schools. This will make it necessary for every school to have a detective employed to examine the hip pockets of the boys before the performance begins.

A contemporary remarks that "Fairbanks will probably discover that it is not the longest pole always that fetches the persimmon." He ought to follow the example of Hughes and Cortelyou and "play 'possum."

BIG PLANT BURNED

Hannah Box Shook Company's Factory Total Loss By Fire Yesterday Afternoon.

LOSS MAY BE $100.000

Insurance Not More Than One Fourth. Enterprise Will Probably Be Rebuilt—Several Dwellings Also Destroyed—Hard Work.

The plant of the Hannah Box Shook Company, Ninth and Fanning streets, was totally destroyed by fire with something like a million and a half feet of lumber on the yards of the company in this city yesterday afternoon between 2 and 5 o'clock, entailing a loss which is conservatively estimated at between $75,000 and $100,000 upon which there was only $25,000 insurance. The fire communicated to a row of small dwellings and the office of the company across Ninth street from the factory and these seven in number were also destroyed, the loss in this particular, however, being comparatively small.

The fire originated in the dust conveyer from the mill to the boiler in which there is a fan and the flames burned fiercely from the start, soon getting beyond the control of the fire brigade at the factory, which went to work at first without sending in an alarm to the city fire department, thinking that they would be able to extinguish the blaze. Very soon, however, the flames had communicated from the boiler and engine rooms to the large factory, proper, formerly used as a tobacco warehouse and when the firemen arrived the distance from the nearest hydrants was so great that an extra supply of hose had to be sent for. In responding to the general alarm an accident occurred and it was some time before the department could bring its effort to play upon the rapidly consuming flames. The buildings burned like tinder and a great black smoke in the northeast obscured the sky. It was not until after 12 o'clock last night that the flames were entirely subdued and it was three hours after the alarm was sent in that the flames were under control. The factory consists of two buildings, the tobacco warehouse being an exceptionally large frame structure of one story just at the intersection of the Wilmington and Weldon railroad tracks and the old Newbern tracks, which are now used by the Consolidated Company. The large plant of the Universal Oil and Fertilizer Works, in close proximity, caught at one time, but the firemen and workmen at the mill succeeded in extinguishing the blaze. When the firemen reached the scene two lines of hose were laid from Eighth and Bladen and Eighth and Red Cross streets, streams being brought to play on the front of the building. After it was controlled from this side, Firemen John T. Yates, Mr. J. D. Mote and Captain Louis Freimuth carried a hose in the rear to do what was possible to control the flames from that side. There was a strong breeze from the southwest and the firemen had to fight hard against heavy odds. It was necessary to lay hose across all the railroad tracks in that vicinity and all trains were tied up there until late in the afternoon. Very soon both engines of the department were on the scene and they kept a constant stream on the blaze until the last embers had died out this morning about 2 o'clock.

The Hannah Box Shook Company is composed of Mr. Henry C. Riley, of C. S. Riley & Co., the large mill men of Philadelphia, and Messrs. Walter and L. J. Hannah, of this city. Mr. W. T. Sears, of this city, and Mr. S. M. Lloyd, of Norfolk, recently disposed of their interests in the plant to Mr. Reiley. They were doing a fine business and had been lately running night and day, having contracts for full capacity for five years in addition to large contracts with the Standard Oil Company for cases for their products. One hundred hands were employed, most of them white, and these will be temporarily thrown out of employmen. Mr. L. J. Hannah and Mr. Riley were not in the city yesterday but it was stated yesterday evening that the plant will be rebuilt on another site. The building was owned by The Wilmington Tobacco Warehouse Company, which went out of business some years ago, and leased the property to the Hannah Box Shook Company. It was valued at $5,000 and was insured with Colonel Walker Taylor and Colonel J. VanB. Metts, for $4,500 one of the agencies carrying $2,000 and the other $2,500.

The insurance of $25,000 on the plant proper was carried exclusively by Colonel Metts, a policy of $10,000 fortunately having been taken out only a short time ago. Mr. Riley was in Goldsboro last night and is expected in the city today with Mr. Hannah, who was on a business trip to Kinston at the time.

The seven small dwellings burned belonged to Thomas A. Smith, colored, Mr. W. M. Cumming and other parties who were pretty well covered by insurance. The office building was included with the plant. Most all the valuable records, contracts, books, etc. in the safe in the office of the company were gotten out at the last moment.

The fire was one of the largest Wilmington has had in years and hundreds of people were attracted to the scene during the afternoon and night. The origin of the fire was probably caused by spontaneous combustion in the dust bin or conveyor or sparks may have been emitted from the boiler room into the conveyor in some way. The mill people are unable to account for exactly how the conflagration did really originate.

REWARD FOR L. M. BRYANT

County Commissioners in Session Yesterday Offered $100 for His Capture—Many Routine and Unimportant Matters.

The regular monthly meeting of the Board of County Commissioners was held yesterday afternoon, but it was largely taken up with routine and unimportant affairs. Among other things it was decided to offer a reward of $100 for the arrest and delivery to the sheriff of New Hanover of L. M. Bryant, the white man charged with two others, with the murder of the colored man Banks Rothwell in Masonboro township a week or two ago. It was also decided to ask the Governor to offer a similar reward for the fugitive.

President J. A. Taylor, of the Chamber of Commerce, appeared before the Board and requested that the commissioners on behalf of the county supplement the appropriation by the city in the amount of $500 for furthering the movement for a 30-foot depth of water between Wilmington and the sea. The Commissioners assured Mr. Taylor of their interest and informed him that the appropriation had already been made, provided in the opinion of the County Attorney, the same is legal.

The committee on the Wrightsboro road reported progress and was continued.

County Road Superintendent Herbert Hocutt was reported as being confined in the hospital with typhoid fever. The Board expressed its sympathy and arranged for the carrying on of his work while he is absent.

Chairman McEachern reported that the four dump cars purchased for the county in Chicago had been inspected and found all right. They have been shipped and will be used at the quarry.

The Auditing Committee reported that the lost coupon at the Atlantic National Bank had been paid.

The County Attorney was requested to investigate and report on the matter of magistrates' fees as the new act applies to the office of Mayor, who is a salaried officer, the fees going into the city treasury.

Award of contract for feeding live stock was awarded to the B. F. Mitchell Company for corn and oats and to Stone & Co., for hay at $21 per ton.

Mr. John S. Armstrong appeared in behalf of Miss Emily Bridgers, whose assessment of stocks appeared on the books as $13,050, and Mrs. M. E. Bridgers as $24,300, this amount being listed with the Corporation Commission also. These facts appearing to the Board, the amount was abated.

Assessment of Mrs. M. P. Christ on property on Second between Dock and Orange was allowed to remain as formerlly, $2,400.

The Superintendent of Health reported 67 patients treated in the office and eight visited at their homes. Eight cases of typhoid were reported, six of which were brought from other counties to the hospital for treatment. One cow was killed with rabies, this being the second case in the same herd The herd has been disbanded and proper safeguards taken against contagion.

Col. John D. Taylor, Clerk of the Superior Court, reported $276 in fines, forfeitures and jail fees since last report.

The Register of Deeds reported having issued 39 marriage licenses during the month.

Supt. J. R. Hardee, of the County Home, reported 26 white and two colored convicts during the month. There were 11 colored and two white patients.

WHO IS D. A. CALHOUN?

Man From Wilmington Reported to Be Drowned Near Laurinburg, N. C.

(Special Star Telegram.)

Laurinburg, N. C., Oct. 7.—This afternoon as Mr. Will. Livingston, rural mail carrier from Laurinburg, was passing Barnes' Bridge, he noticed a white pine board so placed as to indicate that it was intended to attract attention to writing on it which he found read as follows:

"I am here, I will drown myself; search for me D. A. Calhoun, Wilmington N. C."

Barnes Bridge is about two miles from any habitation and is the crossing over a large creek which becomes little Pee Dee a few miles further down where it enters South Carolina.

[There is not a D. A. Calhoun given in the Wilmington City directory and the identity of the man could not be traced last night]

Handsome State Flag.

Conforming to the Koonce law passed by the last State Legislature, a handsome North Carolina flag was yesterday suspended behind the judge's desk in the Superior Court. It is a very handsome flag and will tend to increase the respect and veneration of all who see it for the Old North State.

WATER WORKS DEAL

Board Decides By Seven to Three to Grant Company Further Conference.

VERY LIVELY DISCUSSION

Committee Members Ask to Be Relieved But Are Constrained to Remain—Proposition of $140,000 For Plant Rejected.

By a vote of seven to three the Board of Aldermen last night refused to break off all negotiations with the Clarendon Water Works Company, for the purchase of its established plant in this city and proceed with the laying of an entirely new system as recommended by the special committee appointed for that purpose and the whole matter is referred for a further conference with committees to be named from the company, the Board of Audit and Finance and the special committee from the Aldermen, as suggested by the company in a formal communication declining the offer of $140,000 as recently tendered. This action was taken after a lengthy and spirited discussion and it is presumed that arrangements for this conference of committees will be made at once.

The question was reached in the regular order of proceedings of the Board shortly after 10 o'clock and Chairman Wood reported the receipt of a reply from the company, which he asked Mr. French to read as follows:

"Wilmington, N. C., Oct. 7th 1907.

"Messrs. T. W. Wood, C. P. Bolles, Jr., J. A. Karr, Committee of the Board of Aldermen:

"Gentlemen: Your communication of the 21st ult. conveying to this company an amended offer on the part of the city of the amount of one hundred and forty thousand dollars for its plant and equipment was duly and the same was respectfully considered by the Board of Directors of this company at its recent meeting.

"Our Board was unanimously of the opinion that the offer was so low, and so inadequate in value that in justice to the stockholders of the company they are forced to decline it.

"The Directors instructed the president to suggest to your committee and request them that they state to the Board of Aldermen that if they will appoint your committee to act with a similar committee to be appointed by and from the Board of Audit and Finance for the purpose of conferring with a like committee to be appointed by the Board of Directors of this company and we can have a personal conference and interview, it is likely that we all can arrive at a proposition which will be mutually accepted and be approved by our respective Boards.

"We respectfully submit this as a suggestion and as a means of bringing about a settlement which would avoid a consequence that might be disastrous to both parties. We trust that you will give this the consideration that it deserves and present it to the Board of Aldermen at is next meeting. In the meantime we will take pleasure in extending to you any facilities you may desire, for the further investigation of the property.

"Respectfully,

"CLARENDON WATER WORKS CO,
"By John F. Divine, President."

Mr. Wood said he could see no good in delaying the matter any further, relating the circumstances of all previous conferences on the subject. The committee, he said, was not favorable to any further dilly-dallying. Alderman Bolles spoke in the same tenor, saying the negotiations had been pending six months or more and all street work was held up awaiting some action. The people, he thought, were growing tired of delay. He explained his position in the premises and said that in agreeing on $140,000, it was against his judgment as he was a $125,000 man. It was up to this Board to settle the question tonight. He thought the Board should go ahead and appoint a commission. The bonds could be floated at no distant date and he moved that the Board proceed to the appointment of its member of the Water Commission at once.

There were no representatives of the water works present. and the City Attorney read sections of the act, defining the method of procedure in the event all negotiations were broken off.

Mr. French moved that the city proceed to install an entirely new system; seconded by Mr. Bolles.

Mr. Karr thought the matter should not be gone into hastily and favored giving the company another chance.

Mr. French inveighed against any further delay and intimated that the company was trifling with the city. Mr. Karr said that it was not a question of amount; it was a matter of giving them a courteous hearing.

Mr. O'Brien thought that the company should be treated courteously. It was a question whether the city had offered the people a fair price for their plant. Mr. Ludlow had recomfended $165,000 as the correct value. It was only fair to meet them with a committee. Mr. O'Brien made a motion that the committee from the Board be directed to confer with like committees from the company and Board of Audit and Finance; seconded by Mr. Karr.

Mr. Wood said there was no use for the committee to meet; they would not offer another penny for the plant.

The Mayor stated that a reference of the question did not mean that the city was to pay any more; some agreement might be reached on the basis of the $140,000 proposition.

Mr. Bolles begged as a member of the committee to be relieved of any further conferences, explaining his position on the question very plausibly. He would not consent to pay another cent. He would rather make the stockholders a present of so much money than be forced to buy their plant at an exorbitant sum.

The Mayor remonstrated with Mr. Bolles about having asked to be relieved of committee duty and Mr. Bolles explained how arduous was the task and at how great a sacrifice he had given his time to the question. He thought the company was simply playing for time.

Mr. O'Brien offered his motion as an amendment to that of Mr. French and the question was called. On Mr. O'Brien's motion to grant the further conference with the water company, the vote was:

Aye—O'Brien, Karr, Rathjen, Jewell, King, Northrop and Ellis.

The negative motion was not put.

Mr. Bolles then renewed his request to be relieved of duty on the committee. Mr. Wood made a similar request. The chair asked each of the gentlemen as a personal favor to withdraw their resignations. The resignations were then not pressed and were not accepted, after which the Board passed to other business.

Consult Dr. Vineberg, the eye specialist, about your eyes. No charge for testing. Glasses fitted for $1.00 and up. At Munds' drug store, Masonic Temple. oc 8 2t

ACCIDENT TO HOSE WAGON

Two Horses Badly Injured, One Fatally, While Foreman Canady and One Fireman Were Seriously Hurt in Ugly Smash.

While responding to the general alarm on account of the fire at the Hannah Box Shook Company's plant at Ninth and Fanning streets yesterday afternoon at 3 o'clock, hose wagon No. 2, Sixth and Castle street, was wrecked at the northwest corner of Fourth and Princess, as a result of which one of the fine gray horses drawing the machine was so badly injured that he had to be killed on the spot, the other suffered a broken nose and may have suffered internal injuries which will cause his death; Foreman William A. Canady was seriously injured about the knee by being thrown from the truck and Hoseman Fritz Zellers suffered a severe blow in the mouth, resulting in the loss of several of his teeth and a badly cut lip. Two other men on the wagon, including Driver Marsden Sellars, were also thrown off but not seriously hurt. The cause of the accident seems to be speculative. Driver Sellars says that in coming down the hill on Fourth between Market and Princess streets, the harness on one side became disarranged in some way and that when the horses attempted to turn down Princess toward Front street, the right rein pulled loose, so that in making the turn the horses dashed head foremost into a knot of telegraph and telephone poles that stand immediately on the corner. The wagon tongue was broken out and the heavy vehicle ran up on the prostrate horses, the one killed having been torn and cut in a horrible manner on the hip and some of his limbs having been broken. He was shot on the spot as he was unable to arise after he had fallen. Capt. Canady has his knee cap shattered all to pieces and will be laid up in the hospital for several weeks, maybe longer. He also has other bruises about his body. He was taken to the hospital immediately after the accident in Mr. Thos. H. Wright's automobile which was passing.

Hose Company No. 2 does not respond to alarms from the northern part of the city, but comes down to the chemical station to stand as a reserve and subject to be called out in response to a general alarm in case of a conflagration. The horses had been in the department for five years or longer and were accustomed to stopping on the south side of Princess street. They had also been accustomed to being given exercise every morning in being driven to the City Hall pump from which drinking water is supplied to the engine house. It is supposed they had attempted to turn down Princess when they got beyond control of the driver yesterday. The accident was witnessed by a number who had stopped to see the apparatus that had just gone out before the general alarm was sounded. It was a horrible sight and how the men on the truck escaped seems a miracle. The horses are valued at $650, and will be a total loss to the city. The hose wagon was not seriously damaged and fortunately a new combination wagon and chemical engine arrived only yesterday, so that it can be put in commission at once.

Capt. Canady is one of the coolest and most popular men in the Fire Department, and his hundreds of friends in this city trust that his injuries will not prove so serious as they now seem.

BOARD OF ALDERMEN

Lengthy Session of City Council For September Last Night at City Hall.

MUCH ROUTINE BUSINESS

Reports From All Committees and Departments — Several Contracts Awarded — Market Licenses Granted—Drainage Work.

The Board of Aldermen was in session a little more than three hours last night, but the business transacted, aside from consideration of the water works question, which is spoken of in another column, was not important, much of it being routine. An appropriation of $3,500 was made for certain drainage around the Second Advent Church; $650 was appropriated for the purchase of a pair of new fire horses to take the place of the one killed and disabled in the accident yesterday and many reports of departments were received.

It was nearly 8:30 o'clock when the Board was called to order, Mayor Springer presiding and all members of the Board being in their places. A goodly number of spectators were present, including several attorneys. After reading the minutes of the preceding meetings, regular and special, the Mayor asked if there were any special matters that could be taken up before proceeding with the regular order. Chairman O'Brien stated that Mr. A. B. Skelding, general manager of the Consolidated Company, was present and a petition was read by Mr. O'Brien from the company asking the privilege of making a "cross over" in the tracks of the company in front of A. D. Brown's store, similar to the "cross over" now in operation near Second and Princess streets. It was explained that it would facilitate traffic on the South Wilmington line and would in no wise interfere with street traffic. Upon motion of Mr. O'Brien, seconded by Mr. Bolles, with the amendment that the streets be restored to their former condition after the work is done, the privilege was unanimously granted.

A petition from J. A. Gregory and other members of the vestry of the Church of the Good Shepherd, Sixth and Queen streets, protesting against the location of another saloon on the northeast corner of Sixth and Castle streets, was read. The petition was signed by numerous citizens also. W. P. Gafford, Esq., read still another petition, but it was explained that the license of Mr. E. A. Todd for the location in question had been withdrawn. Hon. John D. Bellamy, attorney for Mr. Todd, asked Mr. Gafford for whom he apepared. Mr. Gafford replied that he represented Henry Hewett and others who had signed his petition. Mr. Bellamy asked Mr. Gafford if he did not represent Mr. Herbert Steljes and Mr. Gafford replied that he did not. Mr. Bellamy then spoke in behalf of Mr. Todd and said he desired to change to his new building because he could not get the southeast corner from Mr. Steljes longer.

An application from Mr. Herbert Steljes to retail liquor at southeast corner of Sixth and Castle streets was read. All these matters were referred to the special committee on licenses.

The same disposition was made of an application for the Cape Fear Distilling Company, T. A. Croom, manager, at 128 Market street, the stand formerly occupied by W. H. Hubbard, who recently made an assignment. The committee wanted power to act and it was granted, but later upon objection of Mr. Wood and others, the power was not taken by the committee. The Morris Distilling Company was granted change of license from one number to another in the same building.

Chairman Bolles, of the Finance Committee, reported favorably upon the city's obligation to pay half on parti-wall between the city pound and the Court House property and the committee's recommendation was adopted, the cost being $281.64.

Chairman Ellis, of the Sanitary Committee, reported 1,145 feet of pipe laid, not including opening up ditches, etc., during the month.

Chairman Rathjen, of the Market Committee, reported the sale of the old Fourth street market house and the rejection of bids for painting exterior and interior of Front street market house, and the laying of granolithic floor in same. C. H. Brockenhagen had been awarded contract at $125 for removing the fire alarm tower and Fourth street engine house, to make place for the new structure. It was recommended that the granolithic floor in the market house be dispensed with for the present, and that a granolithic sidewalk running alongside the market house and fish carts and benches and the painting of exterior and interior of building. The contract was awarded to Mr. Joe Schad, for the painting and granolithic work at $1,394.60.

Butchers in Fourth street market asked to be relieved of rent while they are temporarily displaced by the building of the new house. They have erected temporary quarters in the street and there was a long discussion of whether or not. if they are relieved of the rent, they would not

Tuesday, October 8, 1907.

WORDS OF WISDOM.

Mr. Theodore G. Eger, until recently general manager of the Clyde Steamship Company, with lines extending from Boston to Florida and touching at several of the principal ports, is a self-made man who might well be pardoned for feeling considerable pride in his handiwork. Mr. Eger, says the Savannah News, began his career with the Clydes thirty-five years ago in an humble capacity for the pay of a few dollars a month—barely sufficient to provide him with the necessaries of life. But he "kept everlastingly at it," and by reason of merit and industry was advanced from time to time until he was the managing head of the corporation, which position he held for a number of years; and when the Clyde lines were taken over by the Morse combination they were found to be the best paying properties included in the deal, due in a very large measure to Mr. Eger's ability as a manager.

Upon his retirement from the service a few days ago Mr. Eger was presented with a loving cup by the office forces of the company at New York, Boston, Charleston, Jacksonville and Norfolk. In responding to the presentation address he made certain observations that are worthy of earnest thought on the part of young men. Among other things he said: "I want to impress upon the young men here the saving of all the money you can. It is the best friend you have got in the world. Don't waste anything." This, coming from a man who only two years ago declined an advance in his salary, because he said he was already getting as much as his services were worth, merits study. Had Mr. Eger valued money for itself alone he would have taken the increase in salary without question or protest, but he believes in the principle of giving value received on both sides, and in the worker living inside his income.

And is he not right when he says that money is the young man's best friend? By conserving that friend and not abusing it, pretty nearly all things are possible to the young man. His money will open practically every avenue of life to him. It will work for him day and night, and on holidays as well, and will never shirk its responsibility. It will give him the entre to social position, and place power in his hands. Money is a friend that never deserts of its own accord, but must be abused before it "takes wings," according to the proverbial phrase. Money should not be worshipped, but it should be appreciated. It is the gauge of success, the yardstick of merit and the most powerful factor in modern life. The young man who is wise will not despise the dollar, but will assiduously cultivate it and take advantage of its friendly offices.

FAREWELL TO MILKMAID.

(Washington Herald.)

One by one the roses drop and die, and one by one the more cherished of our institutions give way to the pressure of modern commercialism. Today sees this new invention and that; tomorrow will see even more wonderful things than today.

We do confess, however, that we regret to see the time-honored poetically idealized, and sentimentally embalmed individual, the milkmaid, abolished and sent at naught forevermore. And yet this is just what has happened. Some enterprising gentleman has invented an instrument that is a combination of rubber tubes, aseptic buckets, and glass graduates which milks the cows by means of an electric current and quite independent of any individual. All you have to do is to place the thing where it belongs, press the button, and it does the rest so quickly and so satisfactorily that users are wondering how they ever got along without it all these years.

This is all very well if it didn't deprive us of our friend, the milkmaid. One of the first songs we learn in "Where are you going, my Pretty Maid?" The song forms part of the foundation upon which hundreds of the day dreams of youth are builded. The milkmaid, whose face was her fortune, is one of our juvenile acquaintances whose image never quite fades from our heart. And now she must go. We cannot teach our children the song and ever hope to illustrate it in real life again. Pans, rubber tubes, eseptic buckets and the like are poor substitutes for this maid of whom we have heard so much and thought so well in the long ago.

But there is no use setting your face against the tide. The end of the milkmaid's glorious and honorable reign is at hand. Henceforth she is to be but a memory and a song.

A Problem for Publishers.

(Newspaperdom.)

"One of the most serious problems that confronts the newspaper publishers of the country, especially those of the smaller dailies and weeklies, is the impending increase in the price of print paper, which will probably be doubly be double what it now is. There will be few outside the strongest of the minor publications that will be able to weather the storm and continue the present price of subscription. The greatest to suffer will undoubtedly be those weeklies whose proprietars several years ago injudiciously reduced the price of subscriptions from $2 and $1.50 to $1.00," says the Decatur Herald.

This unfortunate cut in price occurred when the country was in the clutches of hard times, and the people were not able to pay their bills. When prosperity struck the country, and prices of all classes of commodities naturally went up, the price of the country weekly was kept at one dollar, and now every subscription taken at that price is well-nigh a financial loss. It will be at a loss when the new price of paper goes into effect.

There is but one thing for small publishers to do and that is to increase the price of their papers. They should not expect to make the advance less than fifty cents on $1 subscriptions, and the same amount on $1.50 rates.

No man can publish a decent weekly newspaper nowadays at $1.00, and no subscriber ought to expect to get a paper for that sum.

CURRENT COMMENT

—They are having a fight in Maine over the prohibition law. Though it was iron-clad to begin with and has lasted sixty-five years, it has not only not prohibited the use and abuse of intoxicants, but has failed to diminish drunkenness. It has promoted smuggling. It has promoted extortion. It has promoted adulterations and evasions, hypocrisy and lying. The single thing which it has not done has been to make Maine "dry."—Louisville Courier-Journal (Dem.)

—Both the leading parties must be in a bad way if they are compelled to juggle with respect to the time of holding the national conventions, because of an assumed advantage according to the convention last held—that advantage being nothing less than a chance to review the work of the other convention. The Democratic party will choose the time for holding its convention regardless of what the Republicans do. The Democrats have well-defined principles upon which to appeal to the country and it will nominate a candidate who will advocate those principles. If the Republican party is in such straits that it must juggle about the time of holding its convention, so much the worse for the Republican party. — Houston Post (Dem.)

—The beneficiaries of special privilege, trust magnates and the like are satisfied with the Republican policy. But how about the victims of the inequitable, unjust, unchangeable Dingley tariff? Are they too, satisfied with existing conditions? Are they content to "let well enough alone?" What are the petty peculations growing out of railway rate discrimination when compared with the open high-handed outrageous plunder of a great people through the operation of exorbitant tariff schedules? Ninety millions of dollars in excess of the extravagant cost of federal administration have been piled up in the national treasury during 12 months. The people have been and continue to be mercilessly robbed by refusal of a party in power to revise existing tariff schedules. —Hudson Register (Dem.)

—Several of the weekly newspapers of the State have increased their subscription from $1 to $1.50 per year and many more will have to do so before the end of another year. This advance has become necessary on account of the increased cost of every thing that goes to the making of a newspaper. Paper has advanced fully 50 per cent., within the last twelve months, while type, ink and other material has gone up fully 25 per cent. Most of the weeklies in the State are published and sold at one dollar per year, which is equal to less than two cents per copy. The blank paper costs more than one half the sum, so it can be readily seen that after paying office rent, salaries, postage and other expenses a newspaper with a circulation of 1,000 or less subscribers at one dollar each per year is not as good a paying piece of property as a dividend in a gold mine.—Moperline, Mo., Democrat.

TWINKLINGS.

—She—That Mr. Scarey is the most chicken-hearted fellow I ever met. He—Possibly he was an incubator baby. —Boston Record.

—"Why won't you join our woman's club?" "I think a woman's place is at home." "Aw, don't be a mollycoddle."—Pittsburg Post.

—Evidently Not.—"Oh, its easy. Easy as taking candy from a baby." "Easy, eh? Ever try to take candy from a baby?"—Washington Herald.

—"Miss Smith has written a problem novel, hasn't she?" "Yes." "What is the problem?" "How to make it sell."—Life.

—Passenger—Does this train stop anywhere for dinner? Brakeman—Nah; it don't. Passenger—Then I understand, for the first time, why it is called a "fast" train.—Judge.

—Rector (showing a stranger the church monuments)—My grandfather has slept in this church for eighty years. Stranger—Is he living?—Yonkers Statesman.

—Immaterial.—Did Perkins die a natural death?" "Oh, yes. But I can't remember now whether he was murdered, killed in a railroad accident or hit by an automobile."—Life.

—Happy Combination.—You say I'm a liar, sir!" "You claim that I'm a thief, sir!" "Say—" "Well?" "Let's go into partnership. You get the money, and I'll pay the taxes."—Cleveland Leader.

—Tom—Miss Peach has a secret charm about her that I can't understand. Jack—Oh! don't let that worry you. She won't keep it any more than any other secret.—Columbus Dispatch.

—"Why don't those two American duchesses like each other?" "They both pride themselves on their business ability, and one bought her husband much cheaper than the other did!"—Detroit Press.

—Behind the Curtain.—"They all say your literary success is phenomenal." "I guess they don't know that I spent two years and bulldozed thirteen magazine editors before I got my story in print."—Cleveland Plain Dealer.

—Lady (meeting servant whom she had recommended for a situation)—I am glad to hear that you are getting on so well in your new place. Your employer is a nice lady, and you can not do too much for her. Servant (indignantly).—I don't mean to, ma'am. —Punch.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Early Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by R. R. Bellamy's drug store 50c and $1.00. Trial bottle free.

Malaria Causes Loss of Appetite.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children 50c.

SANFORD TRAINS DO NOT CONNECT

Mt. Airy Correspondent Writes at Length of Conditions as They Now Obtain Between Southern and Coast Line.

(Special to News and Observer.)

Mount Airy, N. C., Oct. 5.—Reliable information on the subject seems to place the blame for a failure of the Southern and Atlantic Coast Line to put on through trains between Mt. Airy and Wilmington on the Atlantic Coast Line people.

On Tuesday of this week the Atlantic Coast Line train left Sanford just fifteen minutes before the train from Mt. Airy arrived and to show that this was no benefit to the railroad nor to any one else, the Atlantic Coast Line lost 20 minutes between Sanford and Fayetteville on account of a freight at Manchester, a station between Sanford and Fayetteville. The Southern had quite a lot of perishable freight, which was delayed and put out on the ground and to remain exposed to the weather and there until the following evening—just 23 hours. This stuff consisted of several coops of chickens, crates of eggs, butter, cabbage, apples, etc., and several passengers were delayed 24 hours, and all to no purpose or benefit to any one. Time and again people have petitioned and have written letters in an effort to have through car service restored, but nothing has been done as yet. The Railroad Commission ordered that connection be made last spring and failure to do so, caused the railway people to be summoned and show cause why the connection should not be maintained and why the order was not carried out. The railways promised to do better—still no imporvement.

Wilmington feels the blow and has sent numerously signed petitions to the authorities asking that both roads restore throught car service, as this seems the only way to re-establish through connection, and the people here have been asked to assist in bringing about this needed change at once.

Since the transfer at Sanford was established, express rates have advanced 33 1-3 per cent., which has ruined the produce trade to points reached on the Atlantic Coast Line.

Mt. Airy township voted bonds to help build this road, and ever since its completion our people all along the line have enjoyed the through service until some local official of the Atlantic Coast Line at Wilmington decided to turn back their equipment at Sanford and not let it go through. When the road was sold the court refused to confirm the sale by lots and it was made as a whole to the Atlantic Coast Line people, which road then sold to the Southern that portion north of Sanford.

If any good reason were produced showing why through car service should not be re-established, it would be quite different. Why one train should, when it is on time and makes connection, pull up right beside another train and unload over 95 per cent, of its entire load right on to another train is simply foolish and inexcusable. The margin of the southbound train is only ten minutes and whole car loads of chickens, eggs, cabbage, apples, butter, potatoes, onions etc., are all dumped right on the other train in a pile, the damage being too great to allow to go on this way any longer.

The delay to the mails is also another very serious matter, so much so that the department has asked that through service be resumed.

It is a shame for the people to be so entirely ignored about a matter that concerns them so much, especially when the change would be profitable to both roads.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellet appetite, feels strong and sleeps well." That's the way Electric Bitters affects the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by R. R. Bellamy, Druggist. 50c.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other.

GUARANTEED UNDER THE FOOD AND DRUGS ACT, JUNE 30TH, 1906, SERIAL NUMBER 1098. tuthsa-tf

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to, The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.
HARDIN'S PHARMACY, Special Agt.

Raleigh, N. C., Oct. 7.—A charter was issued today for the Fayetteville Cigar Company, of Fayetteville, for conducting a tobacco and general merchandise store; capital, $5,000 by John Underwood, A. L. McCaskill and others; another charter is to the Grace Mills, Iinsorporated, of Salisbury; capital $50,000 authorized and $15,000 subscribed by F. L. Robbins, J. P. Gibson and others for operating cotton mills. There is also a charter for the Olivet Presbyterian Church, of Burlington, it being chartered by negroes.

Preparations for the State fair are going forward apace and Secretary Pogue is highly gratified with the outlook not only for immense crowds that are sure to come for the numerous special attractions but for the high standard of the air exhibits as well. The entries are of a very high class and more numerous than ever.

The State Supreme Court will tomorrow begin the hearing of appeals from the Seventh Judicial District. There are ten of these cases as follows: Brick vs. Railroad, from Robeson county; Dew vs. Pyke, Brunswick; Wescott vs. Smith, Brunswick; Oldham vs. Reigeson; McIntyre vs. Proctor, Robeson; Ross vs. Railroad, Robeson; Realley vs. Railroad, Cumberland; Railroad vs. Gossler, Brunswick.

BURRISS DAMAGE SUIT.

Another Entire Day in Superior Court Consumed With Hearing.

Another entire day in the Superior Court was taken up yesterday in the hearing of the $10,000 damage suit brought by Capt. J. A. Burriss against the City of Wilmington, the contentions in which are well known. A number of other witnesses testified during the day and in the afternoon argument to the jury was begun. City Attorney Marsden Bellamy, Jr., and Ex-Judge E. K. Bryan were heard for the defendant during the early part of the afternoon and Hon. John D. Bellamy, for the plaintiff, was speaking when court took a recess at 5:30 o'clock until this morning at 9:30. When Mr. Bellamy concludes, Judge Biggs will charge the jury and the issues will be submitted.

Boys' Brigade Meeting.

The meeting at the Boys' Brigade Sunday afternoon was attended by fully 200 ladies and gentlemen. The address by Rev. K. D. Holmes and the music by the quartette was greatly enjoyed. Col. Walker Taylor will be the speaker next Sunday afternoon.

LOCAL DOTS.

—The Atlantic Yacht Club will hold its annual meeting tonight in the Mayor's office at the City Hall. A full attendance of members is desired.

—Cotton receipts yesterday were the heaviest of the season, consisting of something over 8,000 bales, against about 5,000 same day last season.

—A racing matinee will be given on the old Fair Grounds track, near the County Home, Thursday, October 10th. There will be several new entries and the card will be found quite interesting.

—Messrs. Willard & Giles Company, the well known general insurance agents, have removed their office from the Carolina Insurance Building, on Princess streett, to No. 16 Princess, the "Old Atlantic National Bank" building, where they would be glad for friends and patrons to call.

—Two large barges arrived yesterday from Philadelphia for the Hammar Lumber Company and will be used in freighting lumber from the company's mill at Little River, S. C., to this port. On the way down the barges brought cargoes of coal for the Springer Coal Co.

—Walter Smith, colored, was arrested Saturday night by Special Deputy J. W. Brown, on complaint of Sam Jones, a respectable negro who accused him of wrongdoing his daughter. In Justice Bornemann's court yesterday, a reconciliation was affected and the prisoner married the girl.

—Clarendon Lodge, Knights of Pythias, desires to have a full attendance of members at the meeting tonight. The advisability of accepting a proposition from Mr. James F. Woolvin for the building of a Castle Mall on the site of the old Court House, on Princess street, will be considered.

—A negro named Charleston and employed by Mr. Louis Skinner, was drowned from a coal flat at the foot of Market street yesterday morning about 10 o'clock. The negro started to step in a small canoe beside the flat, when it turned with him and he was thrown into the water. Although his body was dragged for all the afternon, it was not recovered.

—There were arrivals of two British steamers yesterday and clearances of two, all by Messrs. Alexander Sprunt & Son. The arrivals were the Cardigan, 2,691 tons, Capt. Davies, from Buenos Ayres via Norfolk, and the Thos. Wayman, 1,414 tons, Capt. Johnson from New York. Both will receive cargoes of cotton. The clearances were the Ixia for Philadelphia and the Nymphaea for Baltimore, both light. They brought cargoes of fertilizer constituents to this port.

—Irene Williams, a colored woman, was badly carved up about the face by Mary Harriss, a respectable colored woman, near Tenth and Chestnut streets yesterday afternoon about 3 o'clock. The injured woman had to be sent to the hospital, while the Harriss woman came down and gave herself up to Justice Bornemann, stating that the Williams woman had estranged the attentions of her husband from her and four little children. Justice Bornemann admitted the woman to $100 bond for her appearance at the next term of Superior Court.

ROWLAND NOT GUILTY.

Verdict Returned Immediately in Wake County Superior Court.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 7.—Dr. and Mrs. Rowland, on trial the past week here on the charge of poisoning Mrs. Rowland's former husband, Charles R. Strange, were released from custody at 9:30 Sunday morning on the return of a verdict by the jury that they were "not guilty." The jury had been out since midnight, but it is understood that no ballot for a verdict was taken until Sunday morning, and then all were for acquittal on the first test vote. There were less than one hundred people in the court room when the prisoners were brought in, and the court opened for taking the return. The prisoners exhibited remarkable composure during the preliminary formalities. However, when in response to the question, "How say you, guilty or not guilty?" was put and the foreman responded "Not guilty," the pent-up emotions of Mrs. Rowland and her sister, Mrs. LeeVan, swept all bounds and both sobbed aloud and cried out for sheer joy. Dr. Rowland and his two uncles, the Messrs. Gill, from Vance county, who have taken an active interest in the trial, also wept and the contagion swept out amongst the crowd of spectators.

Instantly they were surrounded by friends showering congratulations and presently the Rowlands and their counsel were shaking hands with and personally thanking the members of the jury for the verdict.

A little later Dr. and Mrs. Rowland drove to a boarding house on Polk street, where they packed trunks preparatory for a trip leaving Raleigh on the northbound Seaboard train at 1 o'clock for Vance county, where they will spend some time at the country home of Dr. Rowland's uncle, David Gill. This was really observed as their bridal trip. Mrs. Rowland carried a magnificent bouquet, such as a bride would have and her sister, Mrs. LeeVan, also carried another of equal proportions and richness, impersonating the maid of honor on the start for the honeymoon they were making. While waiting for the train they talked with a sprightly air to friends who stood about them.

Mr. G. W. Burton Dead.

Mr. George W. Burton, 82 lears old and a highly respected citizen of New Hanover, died Sunday night at the home of his son-in-law, Mr. L. W. Bolton, of Whrightsboro. He had been in feeble health for some time and while his death was not unexpected, it came as a sad blow to family and friends. Mr. Burton was a faithful Confederate soldier and many of his old comrades in arms will hear with great sorrow of his demise. The funeral was conducted from Acorn Branch yesterday afternoon and the remains were laid to rest in the family burying ground.

The Cases Continued.

The cases against Walter Way and Louis Yates, charged with robbery, was continued in the police court yesterday on account of the absence of witnesses for the State. The defendants have employed Colonel A. M. Waddell to defend them. Other cases yesterday were not important. Rob Townsend, charged with being drunk and disorderly, was given 30 days on the roads. Arthur Warren, a pickaninnie charged with breaking into the Brooklyn Theatre and stealing candy from the refreshment stand, was bound over to the higher court.

DIED.

BOARD OF ALDERMEN

(Continued from first page.)

be liable to a tax same as a private market. While they occupy a city market they do not pay license, but when they move out they are on a footing with other private markets. After a long discussion, it was decided that the city could not collect further rent from the tenants, but that in lieu of no rent, the butchers be charged the regular license tax, any overplus when the new market is ready to be remitted.

Chairman Northrop, of the Light Committee, reported the installation of new arc lamps at Surry and Queen, Second and Cowan and Fourth and Ashe streets. The cable has been ordered for the lights across the river.

Chairman O'Brien, of the Streets and Wharves Committee, reported adversely on the tender of seven acres of land in Carolina Heights for use as a public park, the offer entailing an expenditure of $1,000 for improvements. The Board expressed its gratefulness for the offer, but could not see its way clear to accept the donation. The clerk was directed to address Miss Bridgers expressing the thanks of the Board and explaining the circumstances.

Chairman O'Brien reported much repair work done and the improvement of Eleventh or Wood street, leading to Oakdale cemetery.

Chairman O'Brien also brought up the sidewalk problem, and asked for an opinion from the City Attorney. Mr. Bellamy said that the matter was in the hands of the Street Commission, which has not acted on account of the lack of funds. The south side of Princess, between Second and Third streets, along Orrell & Alexander's livery stable, was cited as a "horrible example." The effort is to compel property owners to do this work. The matter was passed over for the present with assurance that the matter is being handled privately.

The committee recommended an appropriation of $500 for curbing for which there is repeated demand on the part of the property owners. Alderman Bolles read a petition from citizens of Third street, between Dock and Orange, asking for curbing around the plaza in that block. The appropriation of $500 was made. Mr. O'Brien reported that a large amount of drainage has been laid, a commendatory letter having been read from Alexander Sprunt & Son with reference to the work done at the compress.

Mr. O'Brien said that the city had agreed to pave between certain tracks for the Atlantic Coast Line, in front of Hall & Pearsall's warehouse, on Nutt street, cost of same to be assessed against the company as requested by Engineer of Roadway L. L. Sparrow, of Rocky Mount.

A report of Engineer Louis B. Hatch on the condition of Fourth street bridge across the Coast Line tracks, complaint having been made by the C. R., L. & P. Co., was read. A new flooring and stringers were required and the matter was referred to the Streets and Wharves Committee with power to act, it being thought best that the city should make its repairs while the Consolidated Company is repairing on the other side over which the street railway tracks pass.

Alderman Bolles, of the committee, reported in regard to street signs for the city and related a conference that had been had with Mr. L. J. Merriman in regard to a contract. Two bids were read for pine board signs, suitably painted and lettered, from J. T. McLean and C. S. Denny at 20c each. The metal signs offered by Mr. Merriman were 40 cents each. The matter was continued with the Streets and Wharves Committee with power to act.

Chairman O'Brien related the circumstances of the loan of the road roller "John H. Sweeney" to Capt. Wm. F. Robertson, the Board being of opinion that the machine would better in use than standing idle. It was reported that the "Sweeney" was on the way from Rocky Mount and would be here this week.

Chairman French, of the Fire Committee, reported three resignations, including Foreman Byrd, of the Hook and Ladder Company, and said that he would ask the election of three other firemen, whose names he would later furnish to the clerk. Mr. French made report of the accident to the fire apparatus at Fourth and Princess streets and asked for an appropriation of $650 for a new pair of horses. He also reported the arrival of the new combination chemical and hose wagon. It was also resolved that during the incapacitation of Foreman Canady that he receive his full salary. The recommendations of the committee in each of these instances were unanimously carried.

Chairman Jewell reported for the Public Building Committee the repair of certain seats in the opera house and the building of a tool house in the city pound, the cost being $30 and $22 respectively. The committee's report was adopted.

Chairman King presented a petition from J. H. Rehder & Co., and others asking that the ordinance prohibiting the sale of toy pistols be so amended so as not to include pistols carrying nothing but paper caps. The amendment was granted.

Alderman King called attention to certain needed drainage on Sixth between Church and Castle streets. Mr. Ellis presented a profile of the proposed work and said the cost would be something like $3,500. Mr. Ellis explained the consideration the committee had given to the matter and upon motion of Mr. King an appropriation of $3,500 was made with which to provide the drainage. Chairman Ellis was requested to go before the Board of Audit and Finance and urge concurrence.

A very feeling letter of appreciation from Mrs. I. M. Bear for the kind expression of the Board upon her husband's death was read and ordered spread on the minutes.

Private market licenses were renewed to A. S. King, on Castle, between Sixth and Seventh streets; E. J. Hardison, Second and Castle; Palace Market, northwest corner Second and Market; J. G. Johnson, Fourth and Davis; J. F. Cumber, Front and Queen; J. F. Sellers, 1116 North Fourth; R. A. Montgomery, Eighth and Princess. All other applications were also renewed where business is already established.

Hooper & Flynn failing to give bond for furnishing brick contract was awarded to Roger Moore's Sons & Co.

Department Reports.

At the close of the meeting department reports were read as follows:

The Superintendent of Health reported 38 deaths, 12 white and 26 colored, during the month; 34 births, of which five were white and 29 colored. Health officers made 4,497 inspectors and issued 770 orders for disinfectants. The general sanitary condition continued good during the month. The number of deaths was the lowest on record for September.

The Chief of Police, as previously published, reported 159 arrests during the month, 24 being sent to the farm and 22 to the roads.

During the month the Fire Department responded to nine alarms by bell and two by telephone, the property loss not exceeding $495.

The City Clerk and Treasurer reported a balance of $2,823.19 on hand September 1st, and collections of $31,543.34. The disbursements were $17,378.27, leaving a balance of $16,988.07 on hand October 1st. Of this amount $14,999.12 is deposited with the Murchison National Bank, $50 to credit coupon account, and $1,938.95 in cash and cash items. The collections were $1,228.37 merchants' license, $2,560 from bar rooms, $550.49 in market rents, $142 from Mayor's court, $1,496.45 miscellaneous, $20,292.11 current taxes, $220.72 back taxes, 10 cents dog badges, $21.60 dray badges, $5,000 loan and $31.31 costs on taxes.

The reference of the application of the Cape Fear Distilling Co., for license at 124 Market street; was reconsidered and granted, the location being no change, the W. H. Hubbard old stand.

Alderman O'Brien suggested a police census of the city, but no action was taken.

The Board adjourned at 11:30 o'clock.

ENGINEER GEORGE BONEY.

News of His Death Received With Great Sorrow in Wilmington.

The news of the death of Engineer George Boney in the terrible wreck at South Rocky Mount early Sunday morning, which is told of in the telegraphic columns of The Star today, was received with the greatest sorrow in Wimington, where the dead engineer was well known and numbered his friends by the score. He was a member of the Manchester, Va., lodge of Elks, but was a frequent visitor to the Wilmington lodge and with members of that fraternity especially was held in the highest esteem. His funeral was conducted at 11:30 o'clock yesterday morning at Wallace and the remains were laid to rest in the burying ground there. Wilmington Lodge B. P. O. E. sent a very handsome floral design and a committee from the lodge composed of Messrs. W. VanHardin, Oscar Morris, Clarence Brown and Benj. Bell, Sr., attended the obsequies at Wallace yesterday.

Mr. Boney was about 35 years of age and had been married. A little daughter lives at Manchester, Va., where he made headquarters until a short time ago. He is also survived by his father, of Teachey's, and a large number of other relatives. In speaking of Engineer Boney yesterday, Mr. E. Borden, of the Coast Line, said that he was one of the safest and most trusted in the service. This was evidenced by the fact that until a short time age he was engineer in charge of the pay train and at the time of his death was on one of the most important runs in the system.

Governor B. B. Comer yesterday announced that the Alabama legislature would be convened in extra session on November 7th. The call will embrace nothing of importance, except "further regulation of the railroads," said Governor Comer.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at R. R. Bellamy's drug store.

AGE NO BAR.

Everybody in Wilmington is Eligible.

Old people stooped with suffering,
Middle age, courageously fighting,
Youth protesting impatiently;
Children, unable to explain;
All in misery from their kidneys.
Only a little backache first.
Comes when you catch a cold.
Or when you strain the back.
Many complications follow.
Urinary disorders, diabetes, Bright's disease.
Doan's Kidney Pills cure backache.
Cure every form of kidney ills.

J. T. Eber, formerly of 515 South Sixth street, Wilmington, N. C., says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brickdust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

CAPT. JNO. M. FITZGERALD.

Former Well Known Citizen Passed Away in Chicago, Ill.

There are many friends in this city who will learn with regret of the death of the genial John M. Fitzgerald, who died in Chicago, where he went for treatment on Saturday, 5th instant.

For the 31 years of his connection with the Atlantic Coast Line his attention to his duties as road master had made him a trusted employe, in whom every confidence was reposed in the line of his particular employment, and those who came in contact with him in the ordinary walks of life found him always clever and faithful to every trust.

His home was with his uncle, Capt. John Barry, of this city, under whom he served his apprenticeship in railroading.

To mourn their loss is left an aged mother, a sister and four brothers, all of whom reside in the West. The interment will be in Chicago.

A sad coincidence in connection with the death of Capt. Fitzgerald is the fact that he passed away within two hours of the killing of Engineer George Boney in the terrible wreck at South Rock Mount. They were bosom friends, and Mr. Boney always visited Capt. Fitzgerald at the home of Capt. John Barry while he was sick in Wilmington. The coincidence of the two deaths was remarked upon yesterday by several who knew both men well.

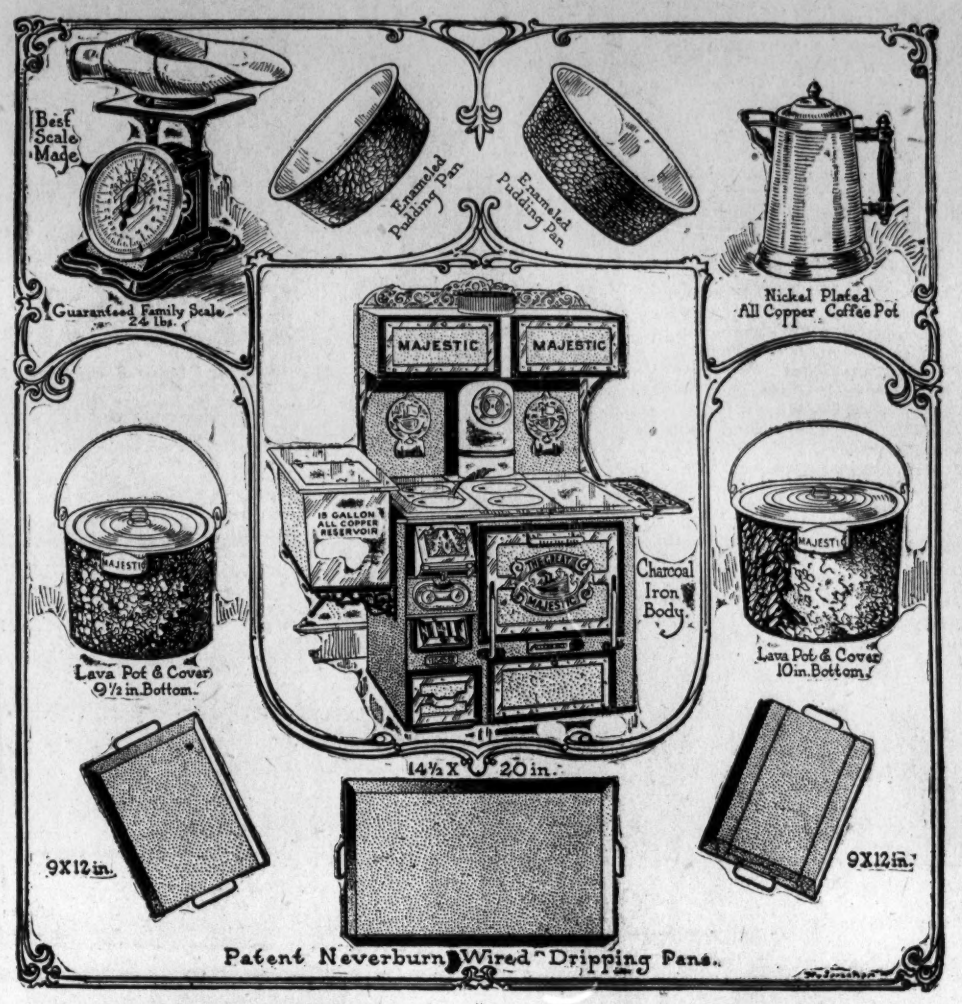
COOKING EXHIBITION

of the Great Majestic Malleable and Charcoal Iron Range at Our Store

ONE WEEK, MONDAY, OCTOBER 7th TO 12th, INCLUSIVE



FREE!

$7.50 SET OF WARE

With every Majestic Range sold during this Cooking Exhibition, we will give absolutely FREE one handsome set of ware as shown. This ware is worth $7.50 if it is worth a cent. It is the best that can be bought. We don't add $7.50 to the price of the range and tell you you are getting the ware free, but sell all Majestic Ranges at the regular price. You get the ware free. Remember this is for exhibition week only. Ware will not be given after this week. This ware is on exhibition at our store, and must be seen to be appreciated.

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

Come if you intend to buy or not; the information gained will serve you in the future.

Facts About The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickeled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all times to come.

A GREAT MAJESTIC RANGE lasts three times as long as a cheap range, but it don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

EVERYBODY WELCOME!

N. JACOBI HARDWARE CO.

DENTISTRY—Dr. Matthews wishes to announce that he has returned to the city. His office will be at the same place, 123 Market street. SPIRITS TURPENTINE

—Kinston, N. C., Oct. 5: Rev. Dr. Henry W. Battle, pastor of the Baptist Church of this city has received information of the death of his distinguished uncle, Rev. Archibald J. Battle, of Macon, Ga.

—Lumberton, Oct. 6.: Mrs. McCormick, an aged lady of Rowland vicinity, died Friday after an illness of several days. She was over 80 years of age, and had been in feeble health for a long while.

—Dunn, N. C., correspondence: Sixteen hundred and seventy bales of cotton were sold on our streets during the month of September, estimated to have brought $75,000, which was scattered in various sections to the farmers. The receipts are still heavy."

—Raleigh correspondence: "A telegram from Memphis tonight announces the death, from the result of a street car accident, of Thomas J. Dupree. He was a brother-in-law of Mrs. R. E. L. Bunch, his wife being the eldest daughter of the late Mrs. Fred A. Olds. He was a prominent business man of Memphis.

—Asheville, Oct. 6: Coroner Morris this afternoon held an inquest over the remains of Wallace Gardner, a negro, who was stabbed to death in the American saloon here last night. The inquest hearing was continued until tomorrow evening at 7 o'clock in order that the officers may have an opportunity to locate a negro who, it is alleged, is a material witness.

—Raleigh News and Observer: The Wake County Division of the Southern Cotton Association held its regular monthly meeting here yesterday, and the members were enthusiastic in the cotton warehouse movement. The committee to raise subscriptions for the warehouse reported that $4,000 has been pledged since last meeting."

—Raleigh News and Observer: Rev. J. E. Edmundson, evangelist, and his daughter, Miss Kathleen Edmundson, left yesterday morning for Lucia, near King's Mountain, where they will be engaged for the next ten days in revival work. They returned Friday from Faison, in Duplin, and Salem, in Onslow, where they had successful meetings.

—Tarboro, N. C., Oct. 5: Mayor James Pender, who is now serving his sixth term, was waited upon by the members of the board yesterday on his return from a business trip to Littleton and asked to reconsider his resignation, which was to take effect October 14th, at the time of the regular meeting of the board. Owing to his health and business duties, Mr. Pender had decided to resign.

—Mount Airy, Oct. 6: No less than 130,000 pounds of dried apples have already been marketed at this place. It is thought that 20,000 pounds more will be sold here this season, bringing the total up to 150,000. This source of income is a great deal of help to those who dry apples. The price paid for fruit is low, 6 1-2 cents on an average, but it helps to pay lots of little bills.

—Carthage, Oct. 5.—Lucian Person Tyson died at his home here yesterday evening at 6 o'clock. His health had been declining for a couple of years. He was a ruling elder in the Presbyterian Church here and had held that church office for many years. Previous to his election as an elder he held the office of deacon. He was about 65 years of age. Funeral services were held this evening at 4 o'clock at the residence of the deceased and interment was at the Presbyterian cemetery.

—Greensboro, Oct. 6: Secretary T. Gilbert Pearson, of the Audubon Society, has gone to Atlanta to attend a meeting of the Cotton Growers' Association at that place tomorrow. Representatives of the Audubon Society from most of the Northern States will be present. The object of the bird protectors' visit to the meeting of the association is to enlist the support of the cotton men in getting appropriations from the government for the propagation of birds. It is said that there are sixteen varieties of birds that are fond of boll weevils for breakfast and it is hoped to interest the cotton growers in their welfare.

—Newbern, N. C., Oct. 5: Criminal court closed today, after disposing of the docket, which consisted of one hundred and fifty cases, most of them being indictments for selling liquor without a license. Judge Lyon has been very expeditious in clearing the docket and there are few cases continued to the next term of court. One of the important cases was State vs. J. M. Arnold for attempted criminal assault. The defendant was found guilty and sentenced to five years in the penitentiary. Arnold had able counsel and a strong effort was made to set aside the verdict, but it was unsuccessful. Most of the blind tiger cases were those of negroes, and a majority of them were sent ot the roads for four-month terms.

—Two weeks from tomorrow the Presbyterian Synod of North Carolina will convene in Hendersonville, and the meeting of this body will continue until Friday of that week. This will be the first time the Synod has met in Hendersonville, and a splendid meeting and entertainment will no doubt be accorded the delegates and visitors. Rev. B. B. Grinnan is pastor of the Presbyterian Church at Hendersonville, and will therefore be the host of the meeting. The Synod of North Carolina is one of the strong Synods of the Southern Presbyterian Church. It is composed of eight Presbyteries, Orange, Concord, Fayetteville, Wilmington, Mecklenburg, Albemarle, Asheville and King's Mountain. There are 181 pastors in this Synod and 420 churches.

A young man with one or two years' experience in plain ruling and binding may secure a good situation by making application at The Star office. 3t

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 7.—There was no considerable revival of speculative interest in today's stock market and its surface was unruffled by any striking movement or any important event. The only feature was an announcement of an extra dividend disbursement to Great Northern stockholders. This proved to be the mainstay of the narrow market and served as an obstacle to the efforts made early in the session by the professional traders to extend the dragging downward movement which set in on Saturday after the appearance of the bank statement. The Great Northern plum counteracted the effect of some of the recent rather gloomy public utterances by the head of the system, which have weighed on the securities of these companies. Similar outgivings were reported from the head of the Atchison system today but with slight effect on the securities of that system. The professional bears amongst the traders met practical experience to prove that holders of securities are not so discouraged as to be willing to part with them at further sacrifice and the tentative operations by the bears are not extended far.

The Journal of Commerce threw further light on the troubles through which the market has been obliged to pass in its showing of new securities for the nine months of the current year reaching the unparalleled total of $1,928,968,500 exclusive of the government bonds, but including municipal issues.

There was some sensitive shown to reports of reduction of working forces in some lines of industry. Railroad traffic officials admitted some irregularity in the business outlook but reports from east and west agreed in the pressure of traffic offering, up to the limits of available equipment, and in some cases beyond. Strength in the wheat market was associated with reports of urgent foreign demand and so was of small effect on stocks.

Bonds were heavy. Total sales, par value were $1,386,000. United States 4s declined 1-4 per cent. on call. Total sales of stocks today were 316,900 shares.

THE COTTON MARKET

(By Wire to The Morning Star.)

New York, Oct. 7.—The cotton market was higher today as a result of covering by nearby shorts and bull support, the features being the relative firmness of the December option. The close was steady at a net advance of 2@21 points. Sales for the day were estimated at 350,000 bales. The opening was steady at a decline of 5 to 6 points, which was about as due on the cables, but the market quickly rallied by the firmness of interior holders. Under this demand, December sold up over January and at the best level in the afternoon showed a premium of about 11 points over the January option and a net gain of about 28 points. Toward the close there was a slight set back under realizing.

Receipts at the ports today, 42,000 bales, against 42,621 last year. For the week, 225,000 bales, against 217,697 last week, and 344,541 last year. Today's receipts at New Orleans, 5,880 bales, against 11,229 last year, and at Houston 9,472 bales, against 16,111 last year.

Spot cotton closed quiet, 15 points advance; middling uplands, 11.90; middling Gulf, 12.15; sales, 4,412.

Futures opened steady and clased steady.

Total—8,061 bales cotton, 52 casks spirits turpentine, 494 barrels rosin, 70 barrels tar, 124 barrels crude turpentine.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by R. R. Bellamy, Druggist. 25c.

Belle of Virginia

BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

What's the Use

of paying more for an article through prejudice, than you can buy for less, that's just as good?

Take Whiskey, for Instance.

We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.

Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.

"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.

"CHESTERFIELD NEVER DISAPPOINTS." Full quart $1.00. TRY IT.

ON IMMIGRATION POINION IS GIVEN

Attorney General Bonaparte Says State Cannot Pay Fare of Foreigners.

MUST ONLY ADVERTISE

Louisiana Will Probably Try For a Judicial Determination of Question of Much Interest to the South. Test Suit.

(By Wire to The Morning Star.)

Washington, Oct. 7.—Attorney General Bonaparte has rendered an opinion in an important case involving the right of a State to solicit immigration from a foreign country. He holds that n the case submitted to him, the state violates the immigration laws in paying the passage money of the imthat in the case submitted to him, the state does not differ in law from an individual. The case in point has been pending before the department of commerce and labor since August 5. On that date Gerinmo Garcia arrived at New Orleans from Cuba. By the special board of inquiry at the former place he was denied admission to the United States. The investigation developed the facts that his passage money had been paid by Reginold Dykers, an agent of the Louisiana State Board of Agriculture and Immigration, out of funds regularly appropriated by the State Legislature. He was given assurance that employment as a farm laborer would be secured for him and he promised to return to the State the money advanced to him to pay his passage from Havana to New Orleans. No employment was secured for him but he was left free to work for whom he pleased.

The case was brought by the State of Louisiana to test the immigration law. Several other Southern States were interested in the matter because they had been engaged in soliciting immigraption to points within ther borders. The case was referred to the Department of Commerce and Labor, on appeal, and Secretary Straus submitted the facts to Attorney General Bonaparte for opinion.

The attorney general has just rendered an opinion in which he says

"The assurances given to Garcia by the State agents constitute, in my opinion, promises of employment within the inhibition of the statute. While it is provided that aliens coming to this country in consequence of advertisements by a state of its inducements to immigration shall not be treated as coming under promise of employment, there is no exception in favor of a state in reference to specific promises of employment to individual immigrants such as were held out to Garcia by the representatives of the State Board."

The attorney general holds, therefore that "on account of assurances of employment that were given to Garcia as an inducement to his immigration he should be excluded from admission."

It is expected that the State of Louisiana will carry the case into the courts in order to obtain a judicial determination of the question which means much in view of the authorities, to all of the States of the South.

THE CHAMPIONSHIP SERIES.

Winners of Pennants in Two Big Leagues Now to Meet.

(By Wire to The Morning Star.)

Chicago, Oct. 6.—Details of the world's baseball championship series between the Chicago club, winners of the National League pennant, and the Detroit team, winner in the American League, were arranged at a meeting of the national base ball commission today. The schedule of games follow:

Tuesday, October 8, at Chicago; Wednesday, October 9, at Chicago; Thursday, October 10, at Detroit; Friday, October 11, at Detroit; Saturday, October 12, at Detroit; Sunday, October 13, at Chicago.

If a seventh game is necessary to decide the series, the city in which it is to be played will be decided by the commission. The schedule as adopted was determined by lot. If any of the games scheduled are postponed on account of rain, or for any other cause, the teams are required to play the postponed game on the first day available at the same park.

By agreement of all of the clubs representing both leagues, the rules already existing governing the playing of the championship series, were amended os that sixty per cent. of the balance from the first four games played shall form a pool for the playamended so that sixty per cent. of of this to go to the winning and forty per cent. to the losing team.

Sunday Games.

At St. Louis, 10; Detroit, 4.

Second game: St. Louis, 10; Detroit, 0.

At Chicago, 4; Cleveland, 2.

Yesterday's Games.

Boston American, 4; Boston National, 1.

St. Louis National, 6; St. Louis American, 1.

Harry K. Thaw's second trial for the killing of Stanford White will begin December 2. This agreement was reached between District Attorney Jerome, Martin W. Littleton, counsel for Thaw, and Justice Dowling, of the Supreme Court, yesterday. Mr. Littleton wanted the date fixed for November 1st, but Mr. Jerome opposed this and offered the date which was selected.

A young man with one or two years' experience in plain ruling and binding may secure a good situation by making application at The Star office. 3t

COAST LINE TRAIN WRECKED SUNDAY

Engineer George Boney Instantly Killed in Bad Wreck at Rocky Monnt.

MAIL CLERKS IMPRISONED

West Indian Limited Ran Into Open Switch the Yards, the Engineer Falling Under the Giant Locomotive—Fire Injured.

(By Wire to the Morning Star.)

Florence, October 6.—Train No. 82, the nothbound West Indian Limited fast mail over the Atlantic Coast Line, which left here at 9:20 o'clock last night for Richmond, was badly wrecked as it was passing into the yards at South Rocky Mount, N. C., at 2:15 this morning. Engineer George J. Boney, of this place, was killed, and his fireman, General Burnett, colored, also of Florence, was seriously injured.

As the train was passing through the freight yards at South Rocky Mount, pulling up to the union station, the monster locomotive of the fast mail entered an open switch and went headon into a switch engine that was standing on the siding just at what is known as the "clear post."

The locomotive of the passenger train, when it struck the switches, became derailed and turned broadside on the ground, catching Engineer Boney and his fireman and crushing Boney's life out and seriously injuring Burnett, the fireman.

It is stated by the officials at Florence that beyond these two no one was seriously injured. The mail clerks, baggage master and a number of passengers aboard the train were badly shaken up.

Captain Herbert McGhee, of Petersburg, was in charge of the wrecked train. The blame for the accident, it is thought, will be placed on the crew of the switcher, which should have seen that the switch was closed after entering the switch and before No. 82 was due at South Rocky Mount.

Engineer Boney is a brother of Mr. E. Boney, the freight agent of the Coast Line at Florence. He was about 40 years old, and was one of the safest and best engineers on the system. He was on the run in the place of Engineer J. J. Jennings, who has been off from duty on account of sickness. The body of Engineer Boney will be carried to Wallace, N. C., his old home, for burial tomorrow. As soon as the train could be detached it was dispatched North.

Another Account.

Rocky Mount, Oct. 6.—Passenger train No. 82, ran into a shifting engine this morning on the outskirts of South Rocky Mount at 2:20 o'clock and Engineer George Boney, on the passenger train was killed instantly. His fireman was badly injured. The train crew on the shifter jumped. Both engines were demolished and the mail coach was broken into shreds. Five mail clerks were slightly wounded. The baggage and one passenger car were demolished. No passengers were injured.

The cause of the wreck was that the lever that works the switch had become disconnected and while the switch lights indicated the switch closed the disconnection ran the passenger train off the main track onto the track occupied by the shifting engine.

REAL ESTATE TRANSFERS

Deeds Which Appear From Record Filed Yesterday.

W. H. Blount and others to S. J. Berry and Gracie Ann Davis, for $10 and other considerations, property 186 feet north of Nun and 135 feet east of Thirteenth street, 30x93 feet in size.

Winter Park Garden Co., to J. E. Ellers, for $10, five acres of land in Harnett Township, being Farm No. 42 according to the official plan of Carolina Place.

J. A. Springer & Co., to the Springer Coal Company, the London wharf at Water and Grace streets.

Robert Dosher, of Brooklyn, to Edward Dosher and others, for $1 and natural love and affection, property on west side of Eighth, 99 feet north of Wooster street, 33x165 feet in size.

S. J. Bryan and wife to Mrs. R. P. McClammy, for $1,200 property on south side of Wooster, 65 feet west of Seventh street, 47 1-2x99 feet in size.

DRY GOODS MARKET.

New York, Oct. 7.—The dry goods was steady today. Some cotton goods are softening in the price but the finished lines are firm. Importers are showing lines of dress woolens for Fall 1908 including stripes and plaids. The jobbing trade is quiet. Raw silk is easier and buying is in small volume.

SPECIAL TO SUBSCRIBERS.

Advance in Rates of Subscription Beginning October 1st.

Beginning October 1, the subscription rates of The Morning Star will be as follows:

By Mail—One year, $6.00; six months, $3.00; three months, $1.50; two months, $1.25; one month, 75 cents.

By Carrier—Delivered in any part of the city, 50 cents per month either by the month or year.

This moderate advance has been deferred until 't has become absolutely necessary on account of the largely increased cost involved in the production of newspapers.

For many years the subscription price of The Morning Star has been lower than that of any other paper of its class in the State.

INTERESTING DAY WITH EPISCOPALS

Number of Most Important Questions Before General Convention at Richmond.

NEGRO BISHOPS IN SOUTH

West Indian Limited Ran Into Open Switch the Yards, the Engineer Falling Under the Giant Locomotive—Fireman Injured.

(By Wire to The Morning Star.)

Richmond, Va., Oct. 7.—Five matters of interest were discussed during the fourth day's sessions of the convention of the Eposcopal church today. Four of these took place in the House of Deputies, one in the House of Bishops. Besides these discussions a matter of special importance was in the air, namely, that the general convention of the church in 1910 would be held in New York city.

In the House of Deputies the matter of first importance was the discussion relative to the reduction in the number of representatives from each diocese of the church. At the present time there are 61 dioceses which send four lay and four clerical delegates, making a total of 488 and to this number must be added about 100 from missionary districts, which brings the number up to 600. An earnest effort has been made by the delegates from New York and Massachusetts to reduce this to three clerical and three lay delegates from each diocese in order that the body shall be placed on a better working basis. New York made an effort to have the deputies appointed according to the number of clergy and laity in the diocese, but this was defeated in committee. The western dioceses are all opposed to the reduction of representation, and after speeches were made, the resolution was defeated.

The second matter of interest occurred when a resolution was made by Dr. Huntington, of New York, to practically change the name of the church to read: "American Church." Mr. Old, of Southern Virginia, led the fight against it pleading for a delay which Dr. Huntington granted with the understanding that the matter should be brought up for consideration tomorrow.

The third matter of interest was the passage of a joint resolution which recognized the diocese of Duluth and the fourth resolution which practically grants permission to the diocese of Georgia to form a new diocese which it is said will be called the Diocese of Atlanta.

In the House of Bishops the day was spent for the most part in the discussion of the negro question, probably the most important matter which is attracting the attention of this convention. Whether or not negroes are to have their own bishops and practically be a separate church, or whether they shall remain a part of the church and under the control of White bishops is the question now consuming the time of bishops and which will later be fought out on the floor of the House of Deputies. The strange part of the whole matter is that the bishops of the dioceses throughout the South are anxious that the negroes shall have their own church and their own bishops while the Northern and Western bishops for the most part favor the present plan of white bishops over the negross. It is said that Bishop Ferguson, of Cape Palms, the only negro bishop and the only negro delegate attending the convention, is not in favor of a separate church and negro bishops. It is openly said that the bishops of the South would be glad to be relived of the burden of the negro in their dioceses, and for this reason they desire a separate church. However, the Northern and Western bishops contend for the most part that their responsibility ends when they furnish the money for work among the negroes and that they should not be burdened with a class of people who are not in their diocese.

Bishop Montgomery, of London, head of the great English missionary society, spoke both before the bishops and the deputies, setting out the work that is to be done by the pan-anglican convention and Lambeth conference to be held in London during June and July of next year.

The matter of Sunday school mission work was discussed by the bishops and a resolution was passed concerning the division of the missionary diocese of Oregon.

The House of Bishops voted down a resolution offered permitting the sessions of the House to be open to the public.

At the meeting of the Woman's Auxilliary Miss Tomes, president of the New York branch, invited the members to New York in 1910, declaring that the general convention should be held there. While this statement is somewhat premature, it is said that New York has already won the prize.

On the committee appointed to select a place for the next general convention is the Bishop of New York and Mr. J. Pierpont Morgan, of New York, both of whom it is known are working earnestly for the city of New York. Cincinnati is also anxious to secure the next general convention and the Bishop of Southern Ohio is also one of the committee who will select the place of meeting.

The Rev. Cyrus Townsend Brady, the well known author from Ohio, offered a resolution this morning asking that the clergy of the church be allowed to invite ministers of other denominations to take part in the services of the church. This came in the nature of a bombshell, but before any discussion followed the resolution was side-tracked by being sent to a committee. This matter promises to be one of the most interesting that will be brought before the convention.

COTTON EXPERTS IN CONVENTION

International Conference of Spinners and Growers in Atlanta, Ga., Yesterday.

INTERESTING ADDRESSES

Effort Toward a Better Understanding Among All Who Handle the Great Staple of the South—Sessions Continue.

(By Wire to the Morning Star.)

Atlanta, Ga., Oct. 7.—With delegates present representing every phase of the cotton industry from the time it leaves the planters' hands to the time when the product woven into fabrics is sent to the markets of the world, and including reresentatives of many foreign countries, the International Conference of Cotton Spinners and Growers met at the State Capitol building in this city today for a three days session. More than 500 delegates were present, nearly a hundred of these representing the great mills of Germany, Great Britain, France, Italy, Spain and Portugal, with an aggregate wealth in farm lands, cotton crop and mills of nearly four billions of dollars. During the sessions questions of the greatest importance to grower and spinner alike will be taken up for discussion and action and it is hoped that this meeting will result in a better understanding between the men who produce cotton and those who weave the staple into fabrics, thereby preventing great losses to spinners by reason of poor methods of handling and shipping the raw product.

A lively fight for regulation or prohibition of speculative dealing in cotton was olso indicated before the committee on buying and selling when Congressman Heflin, of Alabama, introduced a resolution asking the conference to memorialize Congress and the British parliament to stop speculation in cotton except that actually owned. But the fact that an investigation following a similar resolution had resulted in a refusal by the British law-making body to disturb existing conditions was brought out, another favorable report by sub-committee to which the matter was finally rferred will undoubtedly be accompanied by a vigorous minority report against any such action.

Governor Hoke Smith of Georgia in his address of welcome to the delegates caused much applause by advocating the ginning, compressing and baling of the cotton on the plantotion and abolishing the manipulation of the middle-man and undoubtedly this feature of the cotton industry will receive much attention.

The morning session was taken up largely with addresses of welcome and responses and the appointment of committees.

In his opening address Mr. Macoll outlined the objects of the conference and made suggestions for the elimination of differences between grower and spinner, and methods of increasing the value of the product of the grower. He said that the planter, if he wants to sell direct to the spinners, must in some way do the work of the middle man and have the same financial responsibilty; he must grade, carry and finance the cotton as the merchant does now. He added that gin compressing would effect a n enormous saving in transportation and insurance and enable the overburdened railroads to move more expeditiously the ever increasing crop. He made a plea for a uniform bill of lading and expressed himself in sympathy with the report recently issued by a committee of the New York Cotton Exchange on the certification and improved classification as to grade and staple.

Mr. Macoll requested earnest consideration of the question of trading in futures and speculation resulting therefrom. He continues by urging the formation of a permanent international organization of growers and spinners. C. W. Macara, president of the English Master Cotton Spinners' Federation and vice president of the International Conference spoke briefly, saying: "The American cotton crop plays such an important part in the supply of the world's needs, that operations which affect it practically affect more or less, the entire cotton crop of the world, and when consideration is given to the colossal dimensions of the world's cotton crop and to the fact that the raising or reducing the annual average price by illegitimate speculation by even one cent a pound represents $90,000,000, it must be obvious that it is time some determined effort was made to rid the industry of this serious and unnecessary burden.

All officers of the conference were re-elected.

The afternoon was devoted to committee meetings in all of which lively discussions were heard.

B. H. Simmons announcing himself as a farmer from North Carolina, and to the surprise of farmers present, declared opposition to the Heflin resolution.

Mark H. Thomas, of Dallas, Tex., also spoke in opposition.

At this time the friends of the resolution were clamoring to be heard, but Chairman W. W. Welsh, of Mississippi, put an end to debate by referring the matter to a subcommittee, with instructions to meet at 3 o'clock tomorrow.

The committee on contracts and cotton exchanges recommended through Chairman H. W. McAlister, of Manchester, England, the adoption of standard types either by the government or by an association of delegates from the cotton exchanges, cotton growers and spinners and that the classification should be made upon the grade and color alone. A uniform contract will be recommended.

Chairman MacAlister stated that the loss in transportation from improper compressing and baling is estimated at over twenty million dollars annually on the cotton used by European spinners.

In the committee on growing and handling cotton, L. M. Maxwell, of Louisiana, chairman, discussed subjects of betfer cotton, through seed selection, improved ginning and compressing and uniformity of bales, and brought out that the losses to foreign spinners from faulty baling and damage in transportation are so enormous that steps have been taken by the spinners to increase the output of foreign fields, to the jeopardy of the American export trade of raw cotton. The remedy, it was said, lies in gin compressing and uniform baling.

ST. JOHN'S LODGE NO. 1,
A. F. & A. M.

Regular Monthly Communication this (Tuesday) evening at 8 o'clock. All members are requested to be present. Visiting brothers cordially invited.
